

U. S. SOLDIER IS MADE PRISONER

Carrancistas Seize American; Pershing Threatens To Attack Town.

By GEORGE H. CLEMENTS.

Gen. Pershing's Headquarters in El Paso, June 20, (via wireless to Columbus, N. M., June 21).—A serious situation, which might have had an international bearing, was averted this afternoon when the commander of the Carrancista garrison at Nuevas Casas Grandes liberated an enlisted man, who had fallen out of the ranks of his regiment, marching into camp at Coahuila, Durango, and had been made a prisoner by the Carrancistas patrol.

News of the capture of the American was brought to Gen. Pershing, who immediately sent a messenger to Nuevas Casas Grandes with a demand that the American soldier be released promptly, or the town would be attacked. Orders were at the same time given for a squadron of cavalry to prepare to march against Nuevas Casas Grandes.

American Is Released.
When Gen. Pershing's messenger, who was sent in an automobile, reached the Carrancista stronghold, he found that the commander of the garrison had released the man but had retained his arms and equipment. The messenger, in Pershing's name, demanded that he be given him, and they were promptly turned over.

The incident for the time being at least is closed. The squadron of cavalry, which had been waiting for the command to proceed to the attack, returned to its quarters in the cavalry camp.

When brought to headquarters, the man who came so near to being the cause of hostilities, said he had been suffering from illness during the march and had fallen some distance behind his command.

Grilled by Carrancista Commander.

His company was in sight as he approached Nuevas Casas Grandes, and he was still upon that portion of the roadway which has always been followed by American troops when passing that town, when he was suddenly surrounded by a bunch of Carrancista soldiers, who told him he was a prisoner. They took him to the cuartel and there subjected him to a searching quiz as to the number of American soldiers in the various garrisons, the number of guns carried by the artillery divisions of the American force in Mexico, and many other questions of a similar nature to all of which he replied that he knew nothing.

As much as the soldier made prisoner was where he should have been, when he was so unceremoniously surrounded and captured by an armed band of Carrancista troops, show the Carrancistas were clearly out of their legitimate territory. The capture is regarded as a particularly grave significance at this time, when the situation is tense and when everything which may be done should be done to avoid the appearance of hostility.

With the exception of this episode the situation along the line occupied by Americans in Mexico is very quiet.

Offers To Organize

Regiment Of Germans

For U.S. Aid if Needed

Los Angeles, Calif., June 21.—An offer to organize a "regiment of German soldiers and German American Turners" for Mexican service "if needed" has been made in a letter to President Wilson by Col. Emil Block, honorary lieutenant of the Los Angeles Police department. It was announced today.

DISCHARGED FROM COMPANY K

SAYS WILL REENLIST IF WAR

C. W. McKemy returned to El Paso Monday evening from Terlingua, Texas, where he had been with company K of the Texas National guard, since the middle of May.

"I enlisted on June 15, 1912, and I asked for a discharge, instead of re-enlisting," said Mr. McKemy Tuesday morning. The boys are in the first condition, and there are now 36 of them in the company, including the officers. The camp is 84 miles from a railroad, and a bath house is being built. McKemy said there is the return of seven miles, which just about makes another bath necessary.

"In case any call for volunteers I can get to the recruiting station, but I did not care to stay in camp so far from civilization especially from water and the advantages of transportation."

CARRON TO HAVE HEARING

ON AMMUNITION CHARGE

Lois Carron will be given a preliminary hearing this afternoon before G. R. Oliver, United States commissioner, on the charge of attempting to smuggle ammunition across the Santa Fe bridge into Mexico Sunday.

Federal authorities are digging up information concerning where the ammunition came from and for whom it was intended. Twenty-five hundred rounds were found under the seat of a small automobile Carron was driving. An aged man in the car with Carron was released.

AMERICANS BOARD WARSHIP

AT VERACRUZ; TOWN QUIET

Veracruz, June 21.—Notwithstanding the alarm felt here and the fact that several American families are on board the United States battleship Nebraska, Col. Gonzalo de la Mata, the commanding Mexican officer in Veracruz, has continued to maintain perfect order. The situation is quiet.

SHERIFF'S POSSE LOOKS

FOR MARAUDING MEXICANS

San Antonio, Tex., June 21.—The band of armed Mexicans operating about 10 miles west of San Antonio was still at large early today. A sheriff's posse from here spent the night looking for the bandits and a fresh posse has taken up their trail.

MOVING PICTURE MEN

TOLD TO LEAVE JUAREZ

Joe Johnson and Dick Evans, of the Pathe Weekly, were told Monday by Gen. Gonzalez "to beat it" for the American side. "We cannot permit the taking of pictures of our citizen guard," said the general. "They are not real soldiers, they are only learning."

Couzel Garcia nodded his head in consent. "Yes," said Couzel Garcia, "we are inclined to put the ban on you fellows in view of the grave situation."

The two "movie" men left in a hurry. No pictures were taken.

GOVERNOR OF YUCATAN

New York, June 21.—Governor Alvarado of Yucatan, in a cablegram to Victor A. Cendon, American representative of the Yucatan alal commission, branded as untrue the reports that had reached Guaymas that the Yucatan government had declared "a state of war" existed between Mexico and the United States, and had expelled all Americans from Yucatan.
